TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

Cheshire, ss.:

To the inhabitants of the Town of Walpole qualified to vote in town affairs:

You are hereby notified to meet at the Town House, in said town on Tuesday the eighth day of March, next, 1927, at nine o'clock in the forenoon, to act on the following subjects:

Art. 1. To choose a town clerk, one selectman for three years, auditors, town treasurer, road agent, collectors of taxes, trustees of public funds, surveyors of wood and lumber, fence viewers, and all other necessary officers.

Art. 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and such other current and incidental expenses as may accrue.

Art. 3. To see if the town will vote to authorize its selectmen to raise money on notes of the town for current expenses, in anticipation of taxes.

Art. 4. To see if the town will vote to allow a discount on taxes.

Art. 5. To see what action the town will take in regard to accepting state aid for highway construction and appropriate money therefor.

Art. 6 To see if the town will vote to raise such amount as recommended by New Hampshire Highway Department.

Art. 7. To see if the town will vote to accept the provision of chapter 117, laws of 1917, on a section of the Monadnock

road, so-called, and appropriate or set aside from the amount raised for highway work the sum of $500 for this purpose.

Art. 8. To see if the town will appropriate $1,500, to oil the streets of Walpole Village and North Walpole, the amount to be divided equally.

Art. 9. To see if the town will vote to appropriate $30 for Memorial day.

Art. 10. To see if the town will vote to raise and appropriate $250 for applying gravel on the Valley road.

Art. 11. To see if the town will vote to raise and appropriate $500 for applying gravel on the River road.

Art. 12. To see what action the town will take in regard to the White Pine Blister rust and raise and appropriate $400 therefor.

Art. 13. To see if the town will vote in favor of granting permits to druggists for the sale of liquor for medicinal, sacramental, scientific and mechanical purposes.

Art. 14. To see if the town will vote to raise money and what sum, for the purpose of graveling the road leading from Hatch's corner, so-called, past the home of Mrs. Jessie Dearborn, to the No. 14 school house.

Art. 15. To see if the town will vote to raise $3,000 for drainage of streets in North Walpole.

Art. 16. To see if the town will vote to raise and appropriate $1,500 for a new surface on Main street in Walpole Village.

Art. 17. To see if the town will vote to raise and appropriate $500 to be used on Grant Hill, leading to Hubbard farms.

Art. 18. To see if the town will vote to raise and appropriate $1,000 to be used on Prospect Hill road.

Art. 19. To see if the town will vote to discontinue the highway leading past the C. P. Howland house from a point beginning at the south side of the southerly wall and ending at the north side of the northerly wall across said highway, and to accept a road as surveyed by D. R. Chaplin of Keene.

Art. 20. To see if the town will vote to discontinue the old road running south-east and north-west, beginning on the Geo. B. Williams road, through F. O. Smalley's pasture to the Valley road.

Art. 21. To see if the town will vote to put an electric light in front of the Cold River House, at Cold River.

Art. 22. To see if the town will vote to observe Old Home day.

Art. 23. To see what action the town will take with reference to accepting the gift made the town by the will of Mrs. A. P. Richardson.

Art. 24. To transact any other business that may legally come before said meeting.

Given under our hands at Walpole this 19th day of February, 1927.

CHARLES E. SEWARD,
CLARENCE W. HOUGHTON,
DAN MOYNIHAN,
Selectmen of Walpole.

Total income library funds,		$360 96

The income derived from Stearns fund is paid into the town treasury, as by the terms of the will, the town is required to pay the sum of one hundred fifty dollars ($150) a year to Emma Stauffer during her natural life, and at her decease the entire income becomes available for library purposes. All other income from library funds is paid directly to the Library Committee.

F. A. METCALF, Auditors.

Walpole, N. H., February 16, 1927.

REPORT OF COMMITTEE ON TOWN LIBRARY

The Home Library and its North Walpole branch, shows a circulation of 10,419 books and magazines in the past year.

The continual increase in the number of new books has made more shelf room necessary and a new steel stack has been bought and placed in the stack room.

It is with much regret the committee announce the resignation of Mr. A. P. Davis, who has been an efficient and valuable member of the library committee for fifteen years and has acted as its secretary and treasurer for the past twelve years.

In compliance with the laws of the State of New Hampshire, the library committee was elected this year for the first time, by ballot at the annual town meeting, and are to serve in groups of three, for periods of one, two and three years.

The committee is pleased to announce that the library has received notice of a legacy of $500, from the late Mrs. Sylvia F. Richardson.

As it will be necessary to rebuild a large portion of the stone chimney, the committee would most respectfully recommend that the appropriation for the year be not less than $700.00.

REPORT OF COMMITTEE ON TOWN LIBRARY

Treasurer.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Walpole:

I herewith submit my second annual report as Superintendent of Schools.

FUNDAMENTALS

The two most fundamental things in any school system are, 1st, the quality of instruction and 2nd, the length of time the children receive such instruction.

I am glad to report that the quality of instruction in our schools this year is very good. The inspection of our High School by a State Inspector at an early date this year gave us a decidedly improved rating. We have however, out of eight school teachers, four who are new to Walpole and three who have not taught before this year. I wish it were possible in some way to keep our high school teachers longer than one or two years. The average number of years' experience among the high school teachers is three.

Among the elementary school teachers we have no beginners this year, all having had some previous experience. The average number of years' experience is nine. This is rather an unusual record.

In the matter of length of school year, Walpole has been in the past very near the bottom, when compared with the other districts in the state. This was remedied last year by the addition of another week of school. The school year is now 37 weeks.

HEALTH

A bad epidemic of measles and a large amount of sickness has caused one of the poorest attendance records in years. May I plead with the parents to cooperate with the teachers in every way possible toward safeguarding the health of the children, not only to keep them free from disease, but to foster health habits and impart health knowledge so that they will

have an abundance of vigor and energy which will be a foundation for good work in the school.

The proper heating and ventilating of our school rooms, a difficult problem under the best of conditions. is being given particular attention by the teachers and janitors. The teachers are regularly instructing pupils in health knowledge. May I urge the parents to take advantage of all the modern methods of preventative hygiene.possible.

There are too many unvaccinated children in our schools. I hope this number may be cut down another year.

I recommend that the Walpole district join the other districts in the Union in hiring a full time school nurse.

REPAIRS AND EQUIPMENT

The Walpole School buildings are in good condition. All minor repairs have been taken care of during the year. A jacketed stove with a ventilating flue was installed at the Ballam school. A new one-pipe furnace was installed to take the place of a worn out furnace used to heat the hall in the High school building at North Walpole. Ten of the tanks in connection with the toilets at Walpole were replaced by new ones. Two broken stools were replaced by new ones at North Walpole.

A number of class rooms both at North Walpole and Walpole will need to be refinished within a year or two. Electric lights at the Ballam school are desirable. as well as some new lighting fixtures at North Walpole.

A new supply cabinet with glass sliding doors was built into the laboratory room at Walpole during the year. New visitors' chairs and a teachers' desk were purchased for North Walpole. A new set of wall maps was provided for the Ballam school and also one for the school at Drewsville.

REORGANIZATION

You will find the Walpole Headmaster's report an account

of the reorganization in the program of studies effected at the Walpole high school this year.

At the present time at North Walpole, French is compulsory in the 7th and 8th grades and elective in the Freshman and Sophomore year. This year there are only four pupils who have elected it in the Sophomore year. I would recommend that French as given in the 7th and 8th grades be dropped and that elementary accounts and commercial geography take its place.

These new subjects will be more practical for those who drop out at the end of the eighth grade and they are a better preparation for the Commercial Course at Bellows Falls. For those who want French in order to enter college, Freshman and Sophomore French at North Walpole will still be available with two more years at Bellows Falls if it is desired.

I would recommend that the Junior High School form of organization be adopted at North Walpole.

The people in Walpole are exceedingly generous in the financial support of their schools and always loyal to the welfare of the school children. This is an inspiration to your Superintendent and a matter of which Walpole should be proud.

I am grateful for the cordial cooperation of the members of the school board toward the maintaining of better schools in Walpole.

I invite your careful consideration of the following reports.

Respectfully submitted,

WILLIAM SLADE, JR.

Superintendent of schools.

REPORT OF HEADMASTER
NORTH WALPOLE HIGH SCHOOL

Feb. 9, 1927

Mr. William Slade, Jr.,
Supt. of Schools,
Walpole, N. H.
Dear Sir:

I submit herewith my report on the condition of the North Walpole schools.

COURSE OF STUDIES

Reference to your own report will show some plans contemplated in the revision of part of the seventh and eighth grade courses.

Early in this school year an adjustment was made in the history course of grade 5 to 8. By this arrangement a gap in the teaching of American history was covered. This study is extended now through more grades, relieving a crowded history requirement of the seventh and eighth grades.

Short plays have been introduced frequently into our high school rhetorical. This relieves the monotony of the former routine and provides good training.

A series of debates also is planned for this session.

ATTENDANCE

Owing to the epidemic of measles in November and December, our attendance records decreased considerably. In normal periods, however, our high average has been maintained. In regard to attendance and punctuality, constant vigilance on the part of parent and teacher is necessary to obtain the resulting benefits to the pupils.

MARKS

The rating of marks was changed this year to conform

to a suggestion of the State Department of Education. The new ratings are: A, 93 to 100; B, 85 to 92; C, 77 to 84; D, 70 to 76; E, below 70, failure. This provides one failure mark and also raises the numerical standard of the corresponding letter rating. In some instances, it increases the quality of the work.

DISCIPLINE

Good discipline is the first requisite for success in teaching. A teacher in order to teach well, must have order and attention. Our pupils, in general, are well behaved. So, conditions for classroom teaching are favorable. Credit must be given the teachers for proper supervision of the pupils in this matter.

SCHOLARSHIP

We still keep before us the goal of a high standard in scholarship. We realize also that above this aim stands the goal of moral virtue. We try to make good use of our opportunity to assist in the formation of upright character. Again we remind the parents that supervision of their children's home study is helpful. The home and school should cooperate closely in obtaining the best for the pupils' interests. Where scholarship results are not satisfactory as shown by the report card, a personal talk with the teacher would be helpful.

TEACHERS

Our teaching force, except in one position, remains the same as last year, Miss Florence McKenna, a graduate of the Worcester Normal school four year course, was chosen to fill the vacancy in the high school history and English position.

Our teachers, I believe, are interested in their work and anxious for the improvement of their pupils. The advancement of their pupils in school work, is part of the teachers' recompense. The spirit of cooperation among the teachers in all that tends to the progress of the school is commendable.

ATHLETICS

I recommend that some arrangement be made with the village authorities whereby our pupils may have an opportunity to practice and play basketball in the village hall. We cannot pay the rental required at present for practice sessions and games. Our older pupils should have some place in which to enjoy this indoor winter sport.

Respectfully submitted,

JAMES A. RUSSELL,
Headmaster.

REPORT OF HEADMASTER
WALPOLE HIGH SCHOOL

Walpole, N. H., February 8, 1927

Mr. William Slade, Jr.,
Superintendent of Schools,
Walpole, N. H.
Dear Sir:

I herewith submit my first report as headmaster of Walpole High School.

REGISTRATION

There are at present 88 pupils enrolled in the Walpole High school. This number is distributed as follows: Senior High school, 60 pupils, 27 boys and 33 girls; Junior High school, 28 pupils, 15 boys and 13 girls. There are 20 tuition pupils registered in the Senior High school. The attendance record this year has been unusually poor because of a large number of cases of prolonged sickness and rather general ill health. There are at present 10 pupils in the class of 1927. All of these were in good standing at mid years.

CURRICULA

The program of the Walpole High School provides for three different lines of work of curricula: viz., College Preparatory, Agriculture, and Home Economics. The following changes were made in the curricula at the beginning of the current year. The college preparatory course was strengthened by the addition of a year of mathematics. Physics and Chemistry which were formally begun in the sophomore year are now given in the junior and senior years respectively: thus affording more satisfactory work in these courses after the pupil has received a good foundation in mathematics. It is now possible for a pupil to pursue two courses of science instead of one as formally. French, which was previously given in the seventh and

eighth grades, has been replaced in those grades by courses in Elementary Accounts and Physical Geography. The work in French now begins with the Freshman year in the high school. These changes have been approved by the State Board of Education and are printed in a folder which will be sent upon request to any one who is interested.

AGRICULTURAL DEPT.

The Agricultural course is open to those boys who desire a practical course in agriculture. 19 boys were registered in all courses at the beginning of the year. The Freshman-Sophomore course of study consists of problems in plant husbandry with related shop work. The Junior-Senior class take up special problems in agriculture. Much time this year has been devoted to wood working. A large study table for our own class room and a table for one of the lower grades were among our projects.

During the fall term, time was spent in preparing our teams for the various judging contests held about the state. We feel that our time was well spent, for this, the Dairy Cattle Team won the State Championship cup at the University of N. H., and first place at the contest held at Hopkington Fair. In addition our Poultry Team won second place at Hopkington and tied for second place at Durham. The Dual Purpose Cattle Team also won second place at Durham. Our annual school fair was held late this year, Nov. 12th, in order that we might cooperate with the Senior class which was giving an entertainment. The Cheshire County Farm bureau set up a fine exhibit which added greatly to the interest of the fair.

During the last term, Mr. Alfred Calcutt was with us for 10 weeks as practice teacher from the University of New Hampshire. Each year the students of the college, who are planning to teach Agriculture are given an opportunity to gain practical experience under the supervision of some agricultural teacher in the state. Considerable care is used in the selection of

the school which is to be used for this purpose. The fact the Walpole High school was chosen to train one of the cadet teachers is a recognition of the quality of work being done by the agricultural department.

This spring we hope to carry on a number of crop projects on the Hooper Estate in connection with our school green house and orchard. We would like to start an orchard, giving the boys practical experience in setting out trees and have a plot of potatoes as a cash crop.

In behalf of the school, I wish to thank the neighboring farmers for their cooperation in the practical part of our agricultural work. The field trips to these farms have been a valuable part of our work.

HOME ECONOMICS DEPT.

The Home Economics curriculum in New Hampshire has been recently reorganized as a result of recommendations made by the members of the New Hampshire Association of Teachers of Home Economics. A very careful analytical study of the new course in Home Economics was made last year to determine its adaptability to Walpole High school. A comprehensive report of this study was submitted by the teacher then in charge of the department illustrating the advantages afforded by the new course together with a plan indicating a method of transition from the former course to the present. A change in the course has been made in accordance with the recommendations without impeding the progress which the girls had already made in the home economics work. The new curriculum in Home Economics comprises the following courses:

1st year—Textiles and Clothing.
2nd year—Foods and Nutrition.
3rd year—The home—its care and management.
4th year—The family and its members.

For administration reasons only, two of these courses are offered each year: e.g. The course in Foods and Nutrition is

given to the combined Freshman-Sophomore group this year and the course in Textiles and Clothing to the same group next year. All pupils enrolled in the department will complete the work in all courses before graduating. The two courses offered this year are "Foods and Nutrition" and "The Family and Its Members." Miss Robinson has organized the work of these courses to include the following subjects: Foods and Nutrition, (1) Nutrition—composition and digestion of foods; (2) Food Products—their source, manufacture, marketing, storage and care; (3) Food Preparation and Preservation; (4) Meal Planning—preparing and serving; (5) Arrangement and care of kitchen and dining room equipment. The Family and its Members, (1) Use of Leisure—recreation, self-improvement, and advocation; (2) Home Care of the Sick, a. Infant care and training, b. Home nursing, c. Feeding the sick, d. Clothing for infants and children; (3) Community responsibility; (4) Choice of vocation.

The other two courses will be planned in detail previous to the opening of school in the fall of 1927. Suffice is now to assume that the Textile and Clothing course will include such details as the making, selection and care of clothing and household furnishings of a textile nature. The chief aim of the new program in Home Economics is worthy home membership through pertinent knowledge, skills, attitudes, and ideals developed in the activities of the school and in projects executed at home.

SCHOLARSHIP

Several devices are being used with a view to raising the general standard of scholarship. The new system of marking permits the teachers to grade the work of the pupils more accurately. Pupils are required to make up deficiences in their studies in order that their progress may not be hampered by insufficient preparation. No pupil who is deficient in two or more unit subjects is permitted to represent the school in an athletic contest. Pupils cannot expect to maintain a high

standard of scholarship without a reasonable amount of preparation at home. We earnestly solicit the co-operation of the parents in this respect.

ASSEMBLIES AND SCHOOL PUBLICATION

Every Monday and Friday morning, 20 minutes is devoted to a chapel period when all the pupils of the High School assemble to listen to, or take part in, a pre-planned program. In the chapel period on Monday an opportunity is given to the various groups to work out some assigned project representative of the work of some class or department of the school. The chapel period on Friday is in charge of the Blue and White club. These programs usually consist of entertainments furnished by school town talent, instructive talks by outside speakers, Senior rhetoricals or activities manuvering to arouse school spirit preparatory to athletic contests. On Wednesday the various organizations or classes of the school use the period for business meetings or organization purposes.

The school paper, the "Walpole Warbler," is being continued this year. It is a student publication, two numbers of which will be issued during the year, a mid-winter and June number. The latter will properly take the form of a senior commencement book. The Warbler aims to foster the literary interests of the pupils, to serve as an incentive to better expression, and to serve as a medium record of student activities.

SOCIAL AND ATHLETIC ACTIVITIES

Social and athletic activities are becoming more and more instrumental in our school training. It is necessary that these activities be properly organized and supervised. The excellent co-operation of the teaching staff this year has made it possible to conduct these activities in a desirable manner. It is the policy of the school to confine its socials to Friday and Saturday evenings. Exceptions to this policy do occur, however, when it seems advisable—usually during the basket

ball season. The school is represented by a boys and girls basket ball team. A baseball team will be organized in the spring. Parents are welcome and are urged to be present at the school functions.

In behalf of the school I wish to take this opportunity to express our gratitude to the people of Walpole who have so kindly contributed toward the success of the basket ball team and other school activities.

Respectfully submitted,

CHARLES D. DALZELL,
Headmaster.

MUSIC SUPERVISOR'S REPORT

To the Superintendent of Schools:

In presenting my annual report, I desire first of all to express my thanks for the cordial co-operation the superintendent, teachers and pupils have accorded me.

Work at the High School and in the grades is being carried along in the usual manner. Although it has been necessary to combine two grades in some cases, we are aiming to do the best work possible under the circumstances.

Before the close of school I am planning an operetta to be given by the Walpole High School and another by the grades at North Walpole. By this means we hope to raise money to buy instruments for our Toy Symphony orchestra in the lower grades, and some records for a course in music appreciation.

A few lessons have been given in music appreciation. More can be done along this line when we have more records. This is very important as we constantly plan our work from the standpoint of causing pupils to grow in love and appreciation of good music.

Respectfully submitted,

HAZEL M. BROWN,
Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent of Schools, William Slade, Jr.:

We herewith submit our first annual report of Walpole schools.

The schedule allows one day in Walpole and one day in North Walpole with classes in elementary grades, junior high school and high school.

September and October months were devoted to the drawing of nature subjects.

November was devoted to the study of color and Thanksgiving projects.

Construction work was the underlying theme for December, working for accuracy in cutting and neatness in pasting.

January was devoted to the representing of the human figure in action.

During February and March the children will study design, interior decoration and lettering.

April and May will be devoted to object drawing and drawing flower forms from nature.

It is our aim to create in these young people good art habits of fitness, order, balance, rythm, harmony and unity; and to make them dissatisfied with chaos and discord and to bring out any natural talents that the children may have.

Respectfully submitted,

GLADYS MILDRED LATHE.
MABELLE MILDRED RICHARDSON.

REPORT OF SCHOOL NURSE

Examinations of the pupils of Walpole village and three rural schools was made as usual during the school year ending June 30th, 1926.

Miss Gage, county nurse, assisted at examination of pupils in North Walpole.

The following statistics may be of interest:

Total number of children examined,	525
Defective teeth,	271
Underweight,	166
Enlarged tonsils and adenoids,	172
Unvaccinated,	22
Unvaccinated without excuse,	13

90 per cent of the underweights were examined later at public clinics by Dr. Kerr the state physician. Parents have shown appreciation of this care and a willingness to cooperate.

Statistics are not yet available but several children have had tonsil operations since June and some have had dental care. Dental care is still the greatest present need.

The number of unvaccinated children in school is now small. We hope every child admitted next September will be vaccinated or present an excuse from a physician.

The recent epidemic of measles is greatly regretted. Parents should protect these children from undue exposure to cold, insist on plenty of sleep, nourishing food, and watch them carefully, as their resistance to disease is always lowered by measles.

CHARLOTTE M. LANE,
School Nurse.

SCHOOL MEMBERSHIP STATISTICS

	Average Membership 1925-26	Membership Feb. 1, 1927
Walpole High school,	69	60
Walpole Junior High,	34	28
Walpole Elementary Grades,	82	88
